## Tropic Marin Syn-Biotic Sea Salt

Contains probiotic bacteria for fish and shrimp and special prebiotic bacteria food to promote probiotic bacterial growth and to create low-nutrient conditions in the aquarium for LPS and SPS corals. The term synbiotic refers to supplements which combine probiotics and prebiotics in a form of synergism.

- It has been proven that probiotic bacteria improve the health and well-being of fish and crustaceans and assist them in overcoming stressful situations and illness.
- Prebiotic additives promote the integration of nitrates and phosphates in bacterial mass for low-nutrient conditions and the vivid colours of LPS and SPS corals.
- Contains additional nitrifying and de-nitrifying bacteria to support the nitrogen cycle.
- To maintain the alkalinity in a 8-9 °dH range.
- Ideal for a new tank installation, a new stocking process and for every livestock increase.
- Dissolves in water quickly and completely.
- Produced with pharmaceutically pure salts, without any nitrate or phosphate additives or other unnatural enrichments.
- Universally applicable – suitable for keeping and breeding fish, corals and other invertebrates, as well as seaweed.

## Tropic Marin Syn-Biotic Sea Salt

Code	Product	Size	Major Elements	Trace Elements
6315	Tropic Marin Syn-Biotic Sea Salt	10kg/300l - Bucket	Calcium; Chlorine; Magnesium; Potassium; Sodium; Sulfur.	Aluminium; Antimony; Arsenic; Barium; Beryllium; Bismuth; Boron; Bromine; Cadmium; Caesium; Carbon; Cerium; Chromium; Cobalt; Copper; Dysprosium; Erbium; Europium; Fluorine; Gadolinium; Gallium; Germanium; Gold; Hafnium; Holmium; Indium; Iodine; Iridium; Iron; Lanthanum; Lead; Lithium; Lutetium; Manganese; Mercury; Molybdenum; Neodymium; Nickel; Niobium; Nitrogen; Osmium; Palladium; Platinum; Praseodymium; Rhenium; Rhodium; Rubidium; Ruthenium; Samarium; Scandium; Selenium; Silicon; Silver; Strontium; Tantalum; Tellurium; Terbium; Thallium; Thorium; Thulium; Tin; Titanium; Tungsten; Vanadium; Ytterbium; Yttrium; Zinc; Zirconium.
