

Accessories

Reef-Cam

Live streaming underwater camera suitable for freshwater and saltwater.

- Innovative micro design allows the camera to be easily installed inside the tank.
- Available with either a magnet mount (max. glass/acrylic thickness = 12mm) or suction cup mount.
- Controllable from your smart phone or tablet, via the REEF-Cam iOS and Android compatible app (free to download from the App Store or Google Play).
- For live streaming videos and images to internet/social media/friends or family.
- Multi-directional pivoting ball joint bracket allows 360 rotation and easy positioning.
- Can be removed from bracket and placed amongst rockwork or decor.
- Micro SD card ready (not supplied) - record & save videos & photos of your tank!
- FOV (field of view): approx 120°.
- Effective Pixels: 0.9 megapixels.
- Viewing resolution up to 720p.
